THE OXFORD HANDBOOK OF CONTEXTUAL POLITICAL ANALYSIS (PAPERBACK)

Oxford University Press, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book. The Oxford Handbook of Contextual Political Analysis sets out to synthesize and critique for the first time those approaches to political science that offer a more fine-grained qualitative analysis of the political world. The work in the volume has a common aim in being sensitive to the thoughts of contextual nuances that disappear from large-scale quantitative modelling or explanations based on abstract, general, universal laws of human behavior. It shows that context matters in a great many ways: philosophical context matters; psychological context matters; cultural and historical contexts matter; place, population, and technology all matter. By showcasing scholars who specialize in the analysis of all these contexts side-by-side, The Oxford Handbook of Contextual Political Analysis shows how political scientists can take those crucial contextual factors systematically into account.
