Americans are vigorously seeking to understand their purpose in life: that is, to answer the question, What on earth am I here for Theologians are using the concept of calling (also known as vocation) to provide answers to this question. Senior military leaders have recently used the word calling in various venues to describe the profession of arms. This study summarizes biblical teaching, historical foundations, and current research in explaining the concept of calling and its relevance to the military professional of the 21st century. The report first distinguishes between several terms often substituted for calling and summarizes the historical and current understanding of this concept. The process of discovering ones calling is then discussed. The uniqueness of the military calling is then described, and several personal and professional implications are offered.
