Brand New Book ***** Print on Demand *****.***TRACING LETTER/NUMBER TRACING: Preschoolers*Practice Writing*Workbook, KIDS AGES 3-5* is a good start to develop the handwriting skills of a child. ***A child who learns to trace NUMBERS at home, at the early age, with their loving parent or caregiver, grows in self-confidence and independence. This promotes greater maturity, increases discipline and lays the basis for moral literacy. A child who begins with early learning books has a distinct advantage over his or her peers. One of the big advantages being there is no psychological pressure. ***Parents understand why early learning is important. In recent years, researchers have learned that the human brain develops the vast majority of its neurons, and is at its receptive to learning, between birth and three years of age. And learning to trace numbers and letters at early age easily instill in a child's mind.***.
